MEMORANDUM FOR THE PRESIDENT'S COUNCIL FOR MANAGEMENT IMPROVEMENT
AND ASSISTANT SECRETARIES/ADMINISTRATIVE DIRECTORS

SUBJECT: GSA Regulatory Review - Progress Report

Since the last report of the General Services Administration (GSA), your representatives to the Interagency Advisory Committee on Regulatory Review (Enclosure 1) and its Transportation and Motor Vehicles Subcommittee (Enclosure 2) have completed their review of draft revisions to the Federal Property Management Regulations (FPMR) 101-38, 101-39, and 101-40.

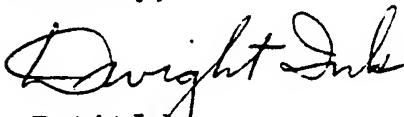

The Interagency Motor Equipment Management Committee and the Interagency Committee on Transportation and Traffic Management had reviewed initial drafts of these regulations. All comments have been adopted or resolved, and the final drafts represent fully reconciled proposed revisions.

I have approved the recommended revisions and authorized publication of a 60-day notice of proposed rulemaking in the FEDERAL REGISTER. I have enclosed for your information an advance copy of the proposed revised FPMR 101-38, 101-39, and 101-40 (Enclosure 3) which will be announced in the FEDERAL REGISTER.

The GSA's regulatory review project began 2 years ago with a discussion at one of the meetings of the Assistant Secretaries for Management. The product reflects what can be done through our collective efforts. The transportation and motor vehicles regulations have been rewritten for improved organization and clarity and the text has been streamlined.

Please convey to your representatives on the committee and subcommittee my appreciation for their participation in this cooperative endeavor to improve the FPMR. Their active support has contributed not only to regulatory reform but also to better communication between GSA and its customer agencies.

Sincerely,

Dwight Ink
Acting Administrator
